- 1. To send a page, you must first have established a connection the the Internet.
- 2. Once your Internet connection is established, enter the pager number you wish to page in the PAGER NUMBER blank.
- 3. Then, you may type your message (or use a STANDARD MESSAGE) in the message blank.
- 4. Once you have finished entering your message, click the SEND button.
- 5. You can also create a NAME LIST, similar to the address book used in e-mail programs.
- 6. Click the ADD button next to the NAME LIST box.
- 7. Enter the NAME and PAGER NUMBER (below). Then click OK.
- 8. When you have done this, the name and pager number you entered will appear in the NAME LIST.
